See Carl's question. I think the answer is that the businesses were on site, the release did not get offsite and that it appears that the nearest residences are a mile away, plus the sheriff was making announcements. But thought you might have a better answer please send a new reply to Carl, Ron, Sam, David, and Diane. A new reply, versus just replying to this msg will not include all of the previous emails and make it easier to read and not overload the inbox

Thanks. One clarification would help. The shelter in place order for business tenants came from Dupont, I presume. (no shelter in place for community members).

We are sending these attachments to HQEOC this morning. We sent the same reports to you last night, but some had trouble opening them. Let me and Susan Webster know if you still have trouble opening them
